Star Ratings and What They Say About Your Rehab Care Under Value-Based Purchasing Thursday January 31, 2019

Value-Based Purchasing (VBP) expands nationally in 2020, and home health providers will have their rates affected by their Star Ratings. Learn how Star Ratings define your skill to Medicare and their beneficiaries, and how to produce and maintain 5-Star rehab scores.

Medicare-Required Rehab Documentation-How To Get On The Medicare Path Thursday, February 7, 2019

Home Health therapists often struggle with skilled programming, denials of care programs, and compromised clinical outcomes. Nearly all Home Health therapists believe their Star Rating scores don't relate to their care quality, and rehab denials are a primary audit focus. In addition, the removal of rehab from the payment model, will limit the access to patients in the future. This progressive webinar will help rehab therapists get on the Medicare path through CMS-required rehab documentation.
